Bali Luxe Medical

Luxury Surgical Recovery
Packages

Let us introduce ourselves.

www.bali-luxe.com

about us

Bali Luxe Medical is an Australian-owned recovery care service based in Bali. We support international patients after cosmetic, dental, or medical procedures by providing a safe, comfortable place to heal with professional care and a touch of luxury.

We follow Australian hygiene and care standards, while also meeting all local health and safety regulations here in Indonesia.

your recovery, our priority

Healing after surgery can be overwhelming, especially away from home.
That's why we're here to make the process smoother, safer, and more relaxing.

Our all-inclusive recovery packages are designed to support your body and mind during this time.

They include accommodation, daily nursing care, freshly prepared meals, healing therapies, transport, and daily assistance **with only a small number of guests in each villa to ensure privacy and personalised care.**

recovery accommodation

Villa Address : Jl. Raya Kerobokan No.3,
Kerobokan, Kec. Kuta Utara, Bali 80365

Villa Address : Jln Yudistira Gang Tunjung
Number 3, Seminyak, 80361 Bali, Indonesia

Where Will I Be Staying?

You'll be staying in one of **our private recovery villas**, carefully prepared for post-surgical care and managed by our team.

Each guest **has their own private, air-conditioned bedroom with ensuite**, and shares the villa with 1–3 other patients in a peaceful, supportive environment.

Villas include shared lounge areas, a kitchen, and a pool designed to feel calm, comfortable, and safe.

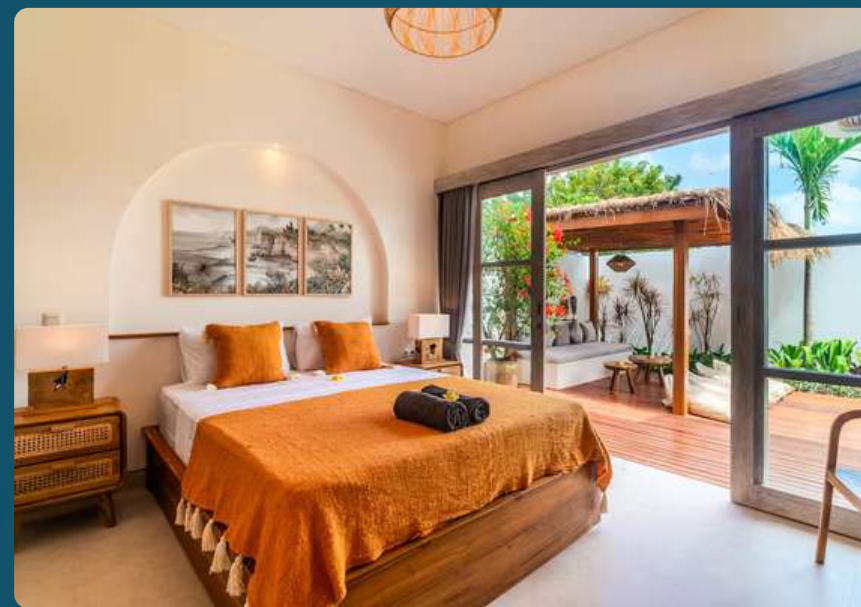

Note : If you prefer a villa exclusively to yourself or with your support person, this can be arranged for an additional fee. (subject to availability)

Exclusive Villa / Custom Stays

We offer an **Exclusive Villa Upgrade** if you'd prefer not to share the space with other guests.

This means the entire villa will be reserved just for you (and your companion, if applicable), offering complete privacy throughout your recovery.

Note : If you prefer a villa exclusively to yourself or with your support person, this can be arranged for an additional fee. (subject to availability)

What's included in every recovery package:

- Private bedroom with ensuite bathroom
- Personal recovery recliner
- Daily nurse care – wound care, reviews, and check-ins
- LED Light Therapy – to reduce swelling and support healing
- Nutritious meals and snacks – prepared fresh with recovery in mind
- Filtered water systems – safe, clean hydration throughout your stay
- Concierge support (online) – our team is available to assist during your stay via WhatsApp or phone for anything you need

Please be advised that if you wish to reserve an exclusive villa, you may do so based on availability, subject to an additional fee.

Enhanced Healing

IV Nutrient Infusion – Receive customized IV infusions at the villa, including hydration therapy and targeted nutrient combinations to support recovery.

Hyperbaric Oxygen Therapy (HBOT) – Available through our partner to enhance oxygen absorption, accelerate tissue healing, and reduce inflammation, promoting faster recovery.

Lymphatic Drainage Massage – If approved by your doctor, this specialized massage helps reduce swelling and improve circulation for a smoother recovery. One post-op session is included in your package.

Ask our team for full package details and pricing.

A note about how we work at Bali Luxe Medical

At Bali Luxe Medical, we proudly collaborate with trusted hospitals and clinics across Bali, but we do not receive commissions, referral fees, or paid endorsements.

This decision was made from day one to ensure everything we share from webinars to blogs and provider recommendations - is honest, independent, and created with your best interests in mind.

We don't upsell or push services for profit. Every care recommendation is based solely on what will support your healing and comfort. This independence also allows us to work openly with a range of talented local surgeons, free from commercial bias.

It's care that's ethical, heart-led, and always centred around you.
